

## Structured Computer Organization

### EMU8086 Microprocessor emulator with integrated assembler

Latest version 3.27x1

1. When you download the zip file `simulator.zip` with the program and documentation from <http://www.emu8086.com/> or <http://www.geocities.com/emu8086/> , unzip it in the previously prepared subdirectory.
2. File `setup.read_license` needs to be renamed into `setup.exe`.
3. Double-click on the file `setup.exe` name and follow the instructions.
4. Once the program is installed you need to register it in order to use all of its features.

Your user name is:	Sheridan College
Your registration key is:	27RPPRSFSWI4XRQ4LAC3FRTA
Number of licenses:	100

To enter registration key, click **about** button or **help->about** menu.
